-  Stanley Canyon Trail (TR707) 
-  Stanley Rim Trail (TR722) 
-  Trail 721 
-  W Monument Crk Trail (FS303A) 

Trail Safety and Etiquette

- Tell someone where you are going and when you will return.
- Use the trails with a partner to improve safety.
- Keep hydrated and carry snacks, sunscreen, extra clothing, and phone.
- Be aware of your surroundings. You may encounter potentially hazardous wildlife (black bear, mountain lion, coyote, deer, and elk). View wild life from a distance.
- Pay attention to changing weather, especially storm fronts, high winds, and lightning.
- Stay on designated trails; shortcutting causes resource damage.
- Bicyclists must ride at a speed appropriate for the trail conditions and sight distance. Slow for steep hills and blind turns to avoid collision with other users.
- Riders going uphill must yield to uphill riders.
- Yield to vehicles at all road crossings.
- Avoid using wet or muddy trails to prevent damaging the trail tread.
- USAFA's trails are multi-use; please hike, bike, or ride horseback at your own risk.

In case of emergency, call 911 and tell the dispatcher that you are on the Air Force Academy.
To report any trail issues, please call USAFA Natural Resources at 333-3308
